New Salinas Labor Temple Plans Ready; Work Starts Soon; Unions Seek Space

After numerous delays during the past year, plans for the new Salinas Labor Temple have been prepared and final specifications are being made up so that bids for construction may be called and erection of the much-needed building started.

The new Labor Temple will be erected at 117 Pajaro St., where the present building now stands, but will cover two lots with frontage of 100 feet, building depth of about the same footage. Building plans and construction are being handled by the Laborers Hall Association, headed by Randolph Fenchel, president, owners of the present temple.

Since the Hall Association announced nearly a year ago that a new building was to be erected and plans were being started, there have been endless delays until now, with the demand from labor unions for space in the new structure, the building is planned nearly twice the size originally figured. Cost of construction is estimated at about \$50,000.

Adopted at last meeting of the Hall Association were plans being prepared by a San Jose firm of architects. John P. Muller, Salinas attorney, has been named to handle all details for the association.

Because the construction will require the entire site of the present temple, arrangements are being made for temporary office space in a downtown location for present tenant organizations in the buildings on the site. These buildings are to be moved off or torn down.

The new Labor Temple will be of reinforced concrete in compliance with Salinas building regulations, lath and plaster where possible. There will be two meeting halls, one to seat some 750 persons, the other to seat about 150. The big hall will be equipped for banquets, dances, or other events.

Four offices, each 11 by 18 feet, are to be in the new building, which is to be in a U-shape with a patio in the center, clubroom and cardroom at the rear, offices on the left, and big meeting hall on the right. There will be two heating plants, ample rest room facilities, storage and supply rooms.

A feature of the building plans calls for a 30-foot setback in front, this space to be used for private parking.

When plans and specifications will be ready for contract bids was

not announced but officials of the Hall Association declared that "this is it—this is the Labor Temple we are going to build!"

Salinas Labor to Issue Credentials To Representatives

All advertising salesmen for AFL organizations henceforth must carry official credentials issued by the Monterey County Central Labor Union at Salinas under a plan worked out jointly by the Labor Council and the Salinas Chamber of Commerce in an effort to eliminate false or misleading solicitations.

Sec. A. J. Clark of the Labor Council and Mgr. Fred C. Tatton of the merchant group got together on the credential plan last week while police and merchants were seeking to locate a man who claims to represent the "official Monterey County labor paper" but who actually has no connection with the Labor News, the only paper endorsed by labor groups in the county.

All advertising solicitors in the name of labor organizations, sellers of placards, newspaper advertising, advertising board space, or handling any advertising promotion deals should be asked for their credentials by merchants on contact. All sales representatives of the Labor News carry the official credentials.

Donation of \$10 to the fight against State Proposition 10, the proposition aimed at elimination of slum clearance and low cost housing projects, was voted by the Labor Council at Salinas last week.

Yule Party Set By Laborers 690

Members of Laborers Union 690 of Monterey and their families will gather at the Moose Hall in Monterey on Saturday night, Dec. 16, for a Christmas party being arranged for them by the union, Business Agent S. M. Thomas announced last week.

Thomas said the parties have been planned as an annual event but last year's affair was cancelled because of undue circumstances. Details of this year's affair, including a possible change in location, will be announced later, he added.

Wayne Cantu, special organizer for Culinary-Bartenders Union 483 at Monterey, was called to Trinidad, Colorado, last week by the death of his father there.

Red Smear Used By Republicans Is Fraud and Hoax

Labor is going to the polls next Tuesday to vote the Democratic ticket straight. The men and women, who are members of our labor unions, with comparatively few exceptions, and after the most thorough investigation of the records and past deeds of candidates and political parties that has even been made in California before an election, and after equally thorough discussion by the members of our various local unions and labor councils throughout the state, have endorsed the candidates of the Democratic party for all key positions to be filled by the voters of this state at the election to be held next Tuesday, Nov. 7th.

HELEN DOUGLAS

The political fight in our state setup is centering on James Roosevelt for Governor, Helen Gahagan Douglas for U. S. Senator and Edmund G. (Pat) Brown for Attorney General, who are the candidates of the Democratic party.

In the case of the 12 Congressmen, where both the leading parties still have candidates after our cross-filing primary election, the 12 candidates of the Democratic party have been endorsed by practically all labor organizations, thus repudiating the 12 Republican candidates, whose reactionary anti-labor records have uniformly turned labor against them, while both nationally and in this state the Democratic party has accorded labor the squarest deal labor and the common people have ever received.

REPUBLICANS DESPERATE

In the face of this sweeping trend in labor circles to support the Democratic party the Republican party campaigners are blasting away desperately with their foundationless charges of communism against every reputable and efficient candidate or office holder of the Democratic party. When all this smear and hysteria are simmered down to bedrock it is becoming clear to most thinking voters that the most truthful description ever given thus far was that made in a report adopted by the U. S. Senate, after a special committee had spent four months investigating the charges of "Windbag" McCarthy, of Wisconsin. In this report the U. S. Senate aptly branded the foundationless accusations of McCarthy as "a fraud and a hoax." Yet here in California the leaders of the Republican party seem to have adopted the discredited McCarthy line of smear as their chief campaign cry.

A SMOKESCREEN

Naturally Republicans are more than anxious to divert attention from their bad anti-labor record both in Congress and in this state. Here in California where the past progressive tendencies of the former Republicanism of the days of Hiram Johnson led the voters of this state to register overwhelmingly Republican the G.O.P. has swung so far towards extreme reaction that voters in disgust have been gradually changing their registration to the Democratic column until today there are over three million registered as Democrats, while the Republicans have over a million fewer registered with their party.

Butchers Urge Holiday Closing For Hollister

Support of the San Benito County Veterans Council was enlisted by Butchers Union 506 this week in an effort to get all business houses in the Hollister area to close on national holidays, it was announced.

Letter was sent from Earl A. Moorhead, executive secretary of Local 506, to the veterans' group pointing out that failure to observe these holidays by certain stores might cause a misunderstanding of intent.

"In these troubled times it is only fitting that all business should pause in observance of our national holidays, all of which commemorate some vital time in the foundation of this great country," Moorhead said. "Business houses that fail in this observance tend to make one believe that they either do not understand the American way of life, or else they do not agree with the American system of government."

Harvey Baldwin, business agent of Salinas Carpenters Union 925, was in King City last week to attend a meeting on jurisdictional problems involving carpenter unions of San Luis Obispo and King City. Joseph Cambiano, international representative for union carpenters, also was in attendance.

Walker and Rice Meet GOP Rivals In Debate Friday

Monterey's Legion Hall will be scene of an old fashioned political rally Friday night with public debates by Marion R. Walker, Democrat, versus E. K. Bramblett, Republican, both congressional candidates, and George L. Rice, Democrat, and James Silliman, Republican, both state assembly candidates.

Scheduled to begin at 8 p.m., the festivities are sponsored by Monterey American Legion Post 41 and will be broadcast over Station KMBY. The public is invited and a huge crowd is expected.

Silliman Vote On Child Care Centers Hit

With the campaign for the Assembly seat, representing Monterey and San Luis Obispo counties, in its final stages, George L. Rice, Democratic nominee, has been scheduled for numerous speaking engagements in all sections of the two counties. Rice toured southern Monterey County, using his sound car in many localities to bring his message directly to the people.

On November 3rd, the Monterey Peninsula Post No. 41 of the American Legion is sponsoring a candidates' forum, which Rice will attend. The forum will present both candidates for Congress and for Assembly, and promises to be a real, old-time political meeting.

This week Rice added to his growing list of specified charges that the incumbent Republican assemblyman has been the tool of the lobbyists and has closed his eyes to the needs of the people.

When both candidates spoke before a gathering sponsored by the Monterey Peninsula League of Women Voters at the Monterey USO Hall on May 24th, 1950, Rice charged that the incumbent had voted against continuance of Child Care Centers when the bill was introduced at the special session held last spring. In response to a question concerning his vote against the centers from a member of the audience, Mr. Silliman, Republican incumbent assemblyman, stated that he FAVORED the continuance of the child care centers, had supported them, and had only voted against the bill at the special session because it did not provide the adequate support he wished them to have.

Rice has provided a full report on the legislative action on Assembly Bill 707, introduced into the 1949 Regular Session, which provided for continuance of the Child Care Centers. According to the Assembly Journal, pages 1046 to 1052, Vol. L, Silliman took the following action: Voted against several amendments which would liberalize the bill. Voted FOR an amendment submitted by Assemblyman Waters which would have provided for the CLOSING OF THE CHILD CARE CENTERS ON OR BEFORE JUNE 30, 1950. The amendment was defeated by a vote of 27 to 47. Voted AGAINST the Urgency Clause, which would make the bill immediately effective. The Urgency Clause carried by vote of 64 to 12. Voted AGAINST the bill itself. The bill carried by vote of 64 to 12. Thereupon, the bill was sent to the Senate for action, having cleared the Assembly on March 15, 1949.

On June 29th, 1949, JUST ONE DAY BEFORE CHILD CARE CENTERS WERE DUE TO BE ABANDONED, the Senate returned the bill to the Assembly, with amendments cutting the funds, AND—an amendment providing for closing of the centers on or before June 30, 1950. The amended bill was concurred in unanimously by the Assembly, and the Child Care Centers were saved for the fiscal year 1949-50 only. (Vol. 2, Assembly Journal, pages 5173-5175, June 29, 1949.) Throughout the entire debate, Silliman had had repeatedly "demanded the previous question," thus cutting off full discussion and debate, and denying the Assemblymen opportunity to fully consider this bill.

It is obvious, said Rice, that Silliman was deliberately misleading the voters who attended the League-sponsored forum, when he stated that he favored the Child Care Centers. THE RECORD PROVES VERY CONCLUSIVELY THAT HE HAS CONSISTENTLY WORKED AND VOTED AGAINST CONTINUANCE OF THE CHILD CARE CENTERS AT BOTH THE REGULAR 1949 SESSION AND THE SPECIAL SESSION held early in 1950!

Cabinet Shops Assigned Union Label Numbers

Two cabinet and fixture shops in the Salinas area were assigned union labels and designation numbers by Carpenters Union 925 last week following signing of union agreements covering about a dozen mill workers and carpenters, according to Union Bus. Agt. Harvey Baldwin.

Laughton Cabinet & Fixture Shop was assigned Union Label No. 3 and the L&L Display Fixtures Co. was assigned Union Label No. 4, Baldwin said. Both shops are now 100 per cent union and their products henceforth will display the Carpenters' union label, he added.

PRICE CONTROLS PAST DUE

That price controls are long past due is a matter that any shopper can test out by the simple method of doing a little shopping anywhere in his own town. Our housewives have been chasing the rising spiral every time they have gone to market since June 25th until at the present time many of them are giving up in despair and just walk away when they learn where the last jump in price has placed the article they both need and want, but no longer can afford to buy.

Others buy anyway no matter how unreasonably high the price is, as long as they have any money left to buy with. In the midst of it all this jockeying the poor are getting poorer, while the earnings of the workers are buying less and less. While the newspapers help the gougers by publishing stories about the prices going up still higher, President Truman and his advisers keep talking about that they hope merchants and sellers of goods will practice self restraint voluntarily, so that it won't be necessary to invoke controls. But instead of heeding this advice merchants and dealers seem to be racing with each other to see who can raise the prices the most frequently, before price controls stop them.

Unless price controls are invoked and that promptly we are in for a badly upset economy. They should have been slapped on the day the Korean war started. Now the situation worsens from day to day. What are you waiting for, Harry?

STOPPING INFLATION WITH TAXES.

These are days when we all have heard it stated again and again that inflation would do endless harm. We agree, but we do not agree with the nonsensical idea that the way to stop inflation is to raise the taxes.

Let us apply the theory to our present day experience. For five years prices have been going skyward until a dollar is now worth less than fifty cents what it was worth in 1938. During this period our taxes have been the highest in our history. Did the high taxes of the past five years keep prices from soaring? Not at all. If anything the fact that tax money was being used to send goods to Europe and Asia induced dealers in these commodities to up the prices way above what they could have obtained for their goods had no tax money been used to pay cash for these goods. That was using tax money to help breed more inflation, not stop it or reduce it.

Then there is our Korean war experience. Our Congress slapped on an extra five billion dollars of taxes to help pay for war supplies and since Oct. 1st these taxes are being collected every week from everybody who works. Has the imposition of these taxes slowed up the soaring of prices? Not that anybody can notice. On the contrary prices are rising worse than ever. That is inflation and ever more inflation. Nothing but the most rigid price controls can or will stop this inflation. To try to do it by raising taxes may sound comforting to some people but experience proves that this method is hopelessly ineffective. It just does not do the job.

HYSTERIA LAWS

Every now and then some shallow-pated individual pops off in the midst of a period of excessive strain and prevalence of hysteria. Designing individuals seeing how they can make use of anything that appeals to intolerance are liable to jump at the chance of having such notions enacted into law.

Once an unreasonable idea has become a law it can be made use of by individuals, who are desirous of hounding others that some trouble-maker wants to get. But only too often such laws are invoked against people for whom it was never intended to be used.

For this reason hysteria laws are invariably bad. Seldom if ever do such laws do any good. This is why such laws as the McCarran bill, the Mundt-Nixon bill and now our own California loyalty oath should never be enacted by intelligent and understanding people.

Sooner or later such laws will be removed from the statute books, as was our criminal syndicalism law, which pestered this state for twenty years. But in the meantime endless injustice is done to the people prosecuted under such a law. Rarely does it reach the people aimed at. Never do such laws do any good. The fruits are always bad and in most cases absolutely no good. Hysteria laws are never constructive.

A heavy vote Nov. 7th will carry the Democratic ticket to victory. A light vote will defeat it.

Get wise! Get your friends to vote for Labor's ticket!

Give the little guy a break! Elect Roosevelt, Douglas!

"YOU" Are the Labor Vote

The Recommendations on the Following Candidates and
State Propositions Are Endorsed by 1,000,000
Californians Through the AFL's

California Labor League for Political Education

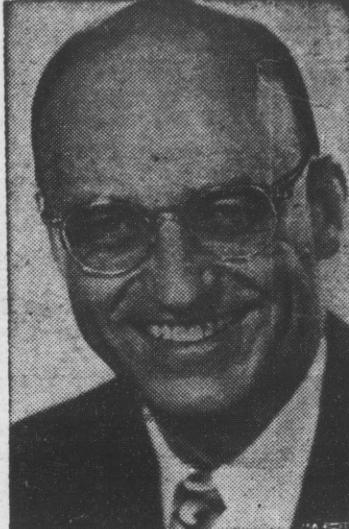

**HELEN GAHAGAN
DOUGLAS**
for U.S. Senator

Since her election to Congress in 1944, Helen Gahagan Douglas has proved herself an able public servant, beyond the reach of compromise and corruption, and a militant warrior for liberal government.

She has favored expansion of the social security system; improved wage-hour regulations; low income public housing; taxation of those best able to pay; strict yet equitable rent controls; an effective FEPC; aid to Korea when political Tories fought it.

Labor and California NEED Helen Gahagan Douglas in the U.S. Senate.

**JAMES
ROOSEVELT**
for Governor

James Roosevelt deserves the vote of all Californians who would carry on the liberal political philosophy so nobly championed by his father.

A direct and forthright candidate, he has vigorously declared his position on the economic and social issues of the day.

Like his father before him, he has been labeled as the advocate of the working people and so marked for political defeat by the reactionaries.

A vote for James Roosevelt will be a vote for progress in California—progress for ALL the people.

**EDMUND G. (PAT)
BROWN**
for Attorney General

Edmund G. Brown has won the praise and admiration of progressive-minded Californians as San Francisco's district attorney.

He has pursued justice with admirable persistence, and at the same time has displayed genuine balance and tolerance.

He has sought always to expose the causes of crime; he has been an articulate proponent of low cost public housing as a means of eliminating slums and thus reducing a terrible menace to family and personal stability.

The office and the times require an INDEPENDENT Attorney General.

THE STATE PROPOSITIONS

No. 1—Repeals personal property tax. **Vote NO.**

No. 2—Prevents election of administrative officials by initiative. **Vote YES.**

No. 3—Improves the organization of the lower courts of the state. **Vote YES.**

No. 4—Preserves certain voting eligibility rights. **Vote YES.**

No. 5—Permits legislators to hold other state offices. **No Recommendation.**

No. 6—Legalizes gambling for pension fund raising. **Vote NO.**

No. 7—Permits qualified blind persons to practice as chiropractors. **Vote YES.**

No. 8—Permits increases in the pay of elected officials and validates pay scales already approved by the Legislature. **Vote YES.**

No. 9—Exempts numerous employees from state civil service regulations. **Vote NO.**

No. 10—Requires elections to authorize public housing projects. **Vote NO.**

No. 11—Affects land titles under certain circumstances. **No Recommendation.**

Mrs. Douglas ---

HOW DID REP. NIXON VOTE ON KOREA AID

Rep Richard Nixon is not only a reactionary, but a reactionary whose lack of imagination is a positive danger to United States' policy both abroad and at home.

This was the substance of Helen Gahagan Douglas' speech to Vallejoans at the corner of Georgia and Marin Street last Saturday. She richly documented her contentions.

No amount of patriotic protestations on Nixon's part can cancel the fact that he voted against "economic aid to Korea," against a program of assistance that might, had "it not been defeated by one vote," have headed off the tragic conflict in that peninsula.

Nixon voted "to cut military aid to western Europe and voted against help to Korea when it was needed."

She styled the Mundt-Nixon Bill, co-sponsored by Nixon, as "a poor piece of legislation." Its fundamental worthlessness she adduced by quoting at length from President Truman's letter accompanying his veto of the bill which did not, however, deter Congress from overriding it.

Mrs. Douglas made it clear that liberals were not the only ones opposed to the Mundt-Nixon Bill. Military and law enforcement agencies in the Federal government were unanimously opposed to it because they knew it would make their task of suppressing Communism far more difficult.

At home, she said, Nixon has proved himself an enemy of labor. His condemnation by the recent convention of the California State Federation of Labor is proof of his status with the labor movement.

Nixon's poverty of imagination, his complete failure to offer the people of California anything constructive—the only way, incidentally, effectively to oppose Communism—is simply a reflection of the bankruptcy of the Republican party, the

In Union Circles

Unions of the Salinas area were urged last week to make substantial contributions to the Community Chest fund-raising campaign, Labor Council Sec. A. J. Clark pointing out that the Chest supports many worthwhile organizations with one fund drive.

School bonds were approved by voters in the Springfield School District at Moss Landing last week and work will be started on a new schoolhouse as soon as plans are drawn and contract let, according to J. B. McGinley, business agent of Laborers Union 272 of Salinas.

Last week's wind storm failed to do much damage to the vast gardens at the Salinas Sewage Treatment Plant. Randolph Fenchel, plant superintendent and president of Laborers Union 272, said the spoon, feather, spider and many other rare and hard-to-grow varieties of chrysanthemums at the plant weathered the storm—at least the flowers are still as pretty as ever!

party that does not denounce Sen. McCarthy.

"Sen. McCarthy has gone so far in his accusations that he has actually damaged the prestige of the United States in the world." She added: "The Republicans have such poor leadership that we must save them in spite of themselves."

With Mrs. Douglas—who is Democratic candidate for U. S. Senator from California—on the platform were Central Labor Council Secretary Lowell Nelson, Stanley Lathen, secretary of the Retail Clerks; C. W. McKay, of the Carpenters; Wayne Wilt, Clerk representative and President of the AFL Labor League for Political Education; Mrs. Paul O. Beeman, and Mrs. Olive Rust, of the Cleaners and Dyers. Robert Kindig, chairman of the county Democratic Central Committee, and Dr. H. R. Quinney took part in presenting Mrs. Douglas to her Vallejo audience.

Glass Workers Sign

Corning, N. Y. (LPA)—The AFL Flint Glass Workers here have signed what union negotiators hail as the "best contract in the glass industry." Under it, 7,000 workers at Corning glass plants won a 10c an hour wage boost.

A new schedule of dues paid by members of Culinary Alliance and Bartenders Union 483 of Monterey Peninsula has become effective, following approval by the membership at two meetings in October.

Under the schedule dues now are: Waiters, waitresses, miscellaneous workers, \$3.50 per month; cooks and bartenders, \$4.00 per

Butchers to Talk On Welfare Plans

Members of Butchers Union 506 will discuss the proposed new welfare plan, a major point of issue in current contract negotiations, at district meetings, according to Exec. Sec. Earl A. Moorhead of the union. A good turnout is urged so that all members will be acquainted with provisions of the welfare plan. Meetings are scheduled as follows:

Watsonville Labor Temple—Wednesday night, Nov. 1.
Salinas Carpenters Hall—Monday night, Nov. 6.
Monterey Eagles Hall—Tuesday night, Nov. 7.

month. These dues include the \$1000 life insurance provided through the union for all members. The union's sick benefit program, not dependent on dues, was not affected, it was reported.

EARL WARREN

A TRUE FRIEND OF LABOR

Men and women who work for a living in California know that Governor Earl Warren is their champion — a true friend.

The workers know Earl Warren is progressive and liberal. They have confidence in him. They know his administration has benefited labor. They know he is fighting to make this a better California for all the people. They know he is advocating and working for more industry, more payrolls, more prosperity for everyone in California.

That is why working men and women, regardless of political affiliation, are campaigning for him throughout the state and that's why they are going to the polls at the general election, November 7, to re-elect Earl Warren, Governor of California.

Here's What Governor Warren Thinks of Labor

LABOR VOTING DEMOCRATIC NEXT TUESDAY

(Continued from Page One)

To win the election it is only necessary for these registered Democrats to turn out to vote for the candidates of the Democratic party next Tuesday. Because they cannot win, if the citizens of this state vote as they are registered, Republican politicians are pleading desperately with the Democrats in this state to just desert their own party and help elect instead the very Republicans who are the chief cause for so many of our voters changing their party affiliation in this state to what it is today.

While the Republicans who are running this state today hold a special session of the state legislature to adopt a special and wholly unnecessary loyalty oath from all public employees in this state they turn right around to urge all registered Democrats to be disloyal to their political party and instead vote back into power the same old reactionary Republican gang of politicians, who are today feeding at the public trough where they have enjoyed pretty much of a monopoly of the public patronage.

Even in realms where Democrats have been in control these Republicans seem to have found ways to wangle themselves into the receiving end of most of the many good things the national Democratic party has done for California. It should not be difficult to comprehend that the tremendous growth of California during recent years is chiefly due to what the national Democratic administrations have done for California directly. This aid has been supplemented indirectly by helping labor and farmers to greatly improve their lot since Franklin D. Roosevelt first became President March 4, 1933.

Since the leading politicians of the Republican party have been doing their utmost to destroy these gains for the workers of the nation it becomes easy to understand why the voters of California are registering as Democrats. There is even more reason why they should vote as Democrats next Tuesday, regardless of the unfair way nearly every daily paper of this state is treating the Democratic party in this campaign. For California to go overwhelmingly Democratic next Tuesday in spite of all their smears should have a sobering effect on these dailies that are contributing so much to raising all this uncalled for stench.

If you're a millionaire, vote for Warren.

Don't fail! Vote Tuesday!

'Calling All Citizens' Drive Not Supported

We regret to state that the support given by the various organizations to the newspaper's CALLING ALL CITIZENS campaign has not been what it should be.

As we go to press we have only received confirmation of cooperation in this joint venture from those organizations listed in the adjoining advertisement. To them we wish to extend our thanks for their help.

We are sorry we could not run the double truck two-page display which we sent out in the communication, but the small amount of revenue made it financially impossible.

We are also running in this issue a political advertisement favoring the Union Labor candidates, listing the state and local endorsements for same. The paper felt that the Democrats needed help and needed it badly and for that reason is donating the space.
